LETTERS TO THE EDITOR

The Editor of Standard—

I would like a little space in your valued paper to reply to a letter appearing in the issue of April 6th, a reply which should be made both to the gentlemen who signed the letter and also in fairness to the Trustees of the Western Irrigation District.

On March 4th, the date the agreement was to be signed between the Railway Co. and the Irrigation Comm., both the Railway Co. and the Irrigation Council insisted that the Committee become Trustees in order that the agreement be given legal effect and also that the government in passing an act to incorporate the Western District asked that Trustees be named in the act to carry on for one year the same as was done in the incorporation of the Easter Irrigation District.

It was pointed out that the Railway Co. and the Government wanted the first Board to be men who were familiar with all details connected with negotiations and organization set up to look after interests of the water users.

The Committee was very reluctant to take this step but in view of the shortness of time to get acceptance from Montreal for the Railway Co. and passage of the bill through the legislature, I took the entire responsibility for this step and acceded to the wishes of the parties involved.

I might state that at the last meeting of the large committee of 15 at which Mr. Sarsons was present, and at the time Mr. Cammaert was added to the committee, it was agreed that this committee have the power to sign the agreement with the Railway Co. There was some discussion that in all probability that committee would be the original Board of Trustees for the Western Irrigation District as it was realized that there would be too short a time available between incorporation and time of taking over the District for the holding of an election according to the Irrigation District Act.

As I see it, the biggest drawback of the whole arrangement is, that owing to it being a complete change in management and possibly in policy the first year, the first board will become so unpopular as to prevent any of them being elected when election time comes. Thereby leaving the with no experience in the management and unfamiliar with the negotiations with the Railway Co. entire board to be elected from mon

In regard to the report of Mr. Sauder as General Manager — At the time of the report over the radio, Mr. Sauder had not been approached, but since that time we approached Mr. Sauder and on April 6th, he accepted the position.

I can assure the gentlemen concerned, that the Board of Trustees will try in every way possible to carry on the affairs of the Western Irrigation District in proper manner so that next April when the properly elected Trustees take office, they will find their position not harmed by any action of the present Trustees.

Respectfully,
J. A. McArthur,

Chairman of Western Irrigation District

IMPORTANT MEETING OF TOWN COUNCIL

An important meeting of the Town Council was held last week.

The adoption of the minutes and the treasurer's report for March was carried.

— RIFLE RANGE —

A letter was read from 2nd Lt. J. A. Crellin, stating that the Cadet authorities of M. D. No. 13 were anxious that the Strathmore Cadet Corps have an outdoor rifle range, and he had selected a suitable place at Coyote Hill and had obtained permission from the owner for use of same, and all they required now was the use of the town team and equipment for an afternoon to level the site.

This was granted also the assistance of the handyman to help with this work Saturday, April 8.

A letter from Mr. Bishop stated he was being well cared for at the Scottish Nursing Home.

POLICING THE TOWN

EDMONTON, March 24, 1944.

Dear Sir:
Assistant Commissioner Hancock, Commanding "K" Division of the R. C. M. P. has drawn our attention to the fact that the Town of Strathmore has had no town constable for the last eighteen months and as no agreement has been made with the Royal Canadian Mounted Police for policing the town, the council should appoint a constable.

If you will refer to section 22 of the Alberta Police Act, Chapter 109, R. S. A. 1942, you will find that every municipality is required to maintain a municipal police force consisting of one or more constables. You will at so note in the same section that if a municipality fails to appoint a constable, the Attorney General may do so in which case the salaries, however, will be paid by the municipality.

Yours truly,

W. S. Gay,

Acting Deputy Attorney General.
The Secretary-Treasurer,
Town of Strathmore,
STRATHMORE, ALTA.

The above letter, read to Council, created considerable discussion and Mayor Gannon asked members of the Council to give the matter careful thought, in order to arrive at the best possible solution.

The letter will come as a surprise to many who were not previously aware that we are evading the law by not fulfilling the terms here detailed.

OMISSION

We regret the omission in last week's Standard of the names of Miss Viola England and Evelyn Jackson from the write up of Miss Chapman's Recital. These two young pianists give promise of becoming quite good players and the omission was quite unintentional.

SPECIAL SECTION, APRIL 27th.

The Standard is planning to publish a special Irrigation Section in our April 27th paper.

We believe this will prove of much interest to many. However owing to the rationing of newsprint we must limit our number.

Extra copies will be for sale at 50 per paper. Will anyone wanting extra copies let us know by Monday, April 24th. That is the dead line.

Mr. J. Crellin Takes Cadets On Fine Hike

Easter Monday 30 Cadets engaged in Woodcraft and Fieldcraft manoeuvres.

The platoon left the school grounds at 10 o'clock Monday morning. Each cadet carried a haversack in which were packed lunch and an extra sweater or jacket.

The platoon moved off in ack-ack formation (3 sections) in charge of Lt/Cpl. Craddock, Cadet Foley, Cadet Willson.

At Keeling's corner they took to the fields, alternating at quick and double time.

The first breather came about a mile south-west of town. The boys gathered around in a semi-circle and were shown different methods of falling down, crawling and rolling with a rifle. In groups of seven or eight they charged across stubble fields, under fence, in and over ditches, through brush, falling down, rolling, crawling without one complaint about bumps, scratches or thorns.

The section commanders took advantage of all opportunities that prevailed in executing practical manoeuvres. In this they were fortunate in that the topography of the country varied, ditches, lakes, coulees, hills brush, shrub grass, bogs etc.

The day was also such that bird and animal life was very active. The cadets took a keen interest in the antics of cock pheasants, gophers, brush and jack rabbits partridge etc.

It appeared as if the air training centres were aware of the cadet manoeuvres. In that scarcely 10 minutes elapsed between visits of circling planes.

At the next breather the cadets were instructed in practical camouflage such points as: watch your background, avoid the skyline, be shine conscious, etc. being cited.

The boys were certainly impressed by the little natural growth necessary to completely conceal a cadet from view. At one point Lt/Cpl. Craddock who had taken up a point of concealment had to cautiously draw his hand back; if he had not done so a passing cadet would have stepped on it.

Stopping at Mr. King's the boys had a refreshing drink and after filling their water bottles they pushed on to the West side of the lake; where in the shade of some willows lunch were ravenously eaten.

In the afternoon the cadets were divided into two opposing sections. Then in mock battle they put into practice many of the points demonstrated earlier in the day.

From his observation post on the crest of the hill the cadet instructor observed the proceedings which took place on all sides. Many incidents too numerous to mention were noted which showed clearly what such an outing meant to and what it did for, many of the boys.

Only one casualty was reported. One of the juniors, in rolling under a barbed wire fence, caught his ear on one of the barbs. After first aid was administered, he returned to the fight better than ever.

On nearing home, the cadets were boys."

CANVASSING TO COMMENCE IMMEDIATELY

E. N. RIDLEY — Chairman

F. G. FULTON — Organizer

The Committee remains largely as in previous loans. A meeting was held in the Memorial Hall Wednesday April 12th. of the Committee and Canvassers. Speakers from Calgary

Included Mr. C. R. Tanner and Mr. Speers.

Slides were shown and a general discussion took place.

All were very enthusiastic as to the prospect of putting the Victory Loan No. VI over the top.

Strathmore quota Unit 37 will be practically same as last year.

ROCKYFORD

By K. M. G. —

We are glad to see Mr. Tom Cartwright back in Rockyford again after three years overseas. Mr. Cartwright was a veteran of the last war and enlisted early in this one. He went overseas in the spring of 1941 but has been in hospital for many months in England, only being able to travel recently. We trust this climate will work a total recovery in the near future. All the friends join in welcoming him back and extend good wishes for his health.

Mrs. J. Bragg returned on Saturday after a few weeks spent at the West Coast visiting friends. She reports a splendid trip and saw many of the former Rockyford people now living out there.

It is with regret that we learn that Bob Stone is at present in the hospital in Calgary.

Mr. Charles Bradwell has gone to Saskatoon during the Easter holiday to visit his father, who is reported in very poor health. He expects to be back for the opening of school on Tuesday morning.

Most of the teachers in this district were home for the Easter holiday.

Mr. and Mrs. Harry Clemons are very happy to have their son Brian home again after his bad attack of pneumonia. He was in the hospital a long time.

The ladies of the Rockyford United Church sponsored a very successful Tea and Home Cooking booth, as well as fancy work and apron tables at the hall on Easter Saturday afternoon. The tables were tastefully decorated with daffodils and the waiters were kept busy all the time with many customers. All sewing and home cooking was bought up as quickly as it was brought in. Homemade ice cream finished off the real treat. The ladies wish to thank all who helped in any way to make the day such a success.

The splendid Easter service at the United Church was well attended and all enjoyed the Easter story presented in music by the young people's choir.

The Knights of Columbus held their usual Easter dance on Monday. The crowd was large and all report a splendid time. Both music and supper left nothing to be desired.

Joined by a party of girls who had taken lunch and camped on the east side of the lake there to observe the cadet manoeuvres.

One girl on hearing of the casualty, remarked, "Why weren't we there? We could have acted the part of nurses, and administered first aid, and much more capably than the boys."

Mr. Pitt The Younger

We thoroughly enjoyed the clever portrayal of Mr. Pitt the younger by Robert Donat given at Hirtle's Theatre last week.

The keen mind, the unwavering devotion to duty, the charming manner were delightful.

Napoleon was not cast in the brusque type we would have expected, but that did not mar the thorough enjoyment the picture held for us.

URGENT

People who want to save a soldier's life on the battlefield, must hand in their names at once to Mrs. Marcum at Dr. Griffin's office, or their opportunity will be lost.

Wheat Syrup Possible New Local Industry

Line Elevators Report New Use
Found for Wheat

WINNIPEG, April 3.—“A process has been perfected for the manufacture of syrup from wheat,” said Cecil Lamont, vice-president of the North-West Line Elevators Association, on his return today from attending the annual conference of the United States Farm Chemurgic Conference held at St. Louis, Mo. The conference was attended by leaders of agriculture, industry and science from the United States, Canada, South America and China. Latest developments in science's search for finding new industrial uses for farm products were reviewed.

“Manufacture of syrup from wheat was developed at the United States Government's Northern Research Laboratory at Peoria, Illinois. Commercial production is already underway at the rate of 1,000,000 pounds per month. Its quality and taste equals that of corn syrup. The new product is being manufactured in a beet sugar plant.

“Wheat syrup offers distinct possibilities for new industries in Western Canada and would result in a new market for wheat. There are three beet sugar plants located in Western Canada, one at Winnipeg and two in

Alberta. In addition there are two plants in Ontario. These plants operate only from three to four months of the year in processing sugar beets. With slight plant adjustment they could engage in manufacturing wheat syrup for the remaining eight months of the year. These plants could produce upwards of 60,000,000 pounds of wheat syrup annually and do much to relieve the shortage of a syrup and other sweeteners in Canada,” the line elevators' spokesman said.

“United States Government representatives at the conference stated that 100,000,000 bushels of wheat would be used in the United States in 1944 for the manufacture of alcohol for war purposes. The quantity of wheat used in making alcohol during the past 18 months has done much to strengthen the price of wheat. Since 1938 the Line Elevator Companies have been urging intensified research into finding new industrial uses for wheat and other farm products and have consistently urged the Government to establish a Western Division of the National Research Council with fully equipped laboratories for farm products research work.

“At the St. Louis meeting the chief of the four United States Government Research Laboratories reviewed

the developments in these research institutions since they were completed in 1940. So successful have these laboratories been that the president of the Chemurgic Council urged, as a post-war project, the establishment of 48 additional state research laboratories.

“With the uncertain post-war trade outlook for wheat Canada should get research projects under way immediately in seeking expanded industrial uses for this cereal,” said Mr. Lamont. “Price improvement already brought about through industrial utilization of wheat demonstrates the value of research. Opponents of the chemurgic idea said that wheat would have to sell at 20 cents a bushel for conversion into alcohol. When these statements were being made wheat was 70 cents a bushel. Today, with large scale conversion of wheat into alcohol, Canada is able to sell to the United States all the wheat that railroads and lake-boats can carry, at approximately \$1.40 per bushel. In addition Canadian plants last year used more than 7,000,000 bushels of wheat for manufacture of war supplies.

“Those attending the conference heard how science had developed the production of the wonder-drug Penicillin, fifty fold which had resulted in 18 government plants being built in the United States and two billion units of this drug weigh only three-quarters of a pound and present production costs have been reduced to \$7,500 per pound.

“Search is being made for a means of replacing top soils. Nature's method takes 400 years to produce one inch of top soil. Scientists hope to find a means of doing this in 3 or 4 years instead of 400 years.

“Production of synthetic rubber in the United States will be at the rate of 900,000 tons per year by the end of 1944. Total United States consumption in 1941 was 775,000 tons.

“Scientists reported that plastics could be made from virtually every type of farm wastes, even including straw and egg shells. More than 125,000,000 tons of straw and other farm wastes could be used industrially if the transportation problem could be overcome,” Mr. Lamont concluded.

Mr. and Mrs. W. F. Erford motored to Calgary Thursday to bring home their granddaughter, Peggy Rooney, for the Easter holidays.

Barbara Day came from Calgary to spend the week-end with her parents Mr. and Mrs. H. J. Day.

Friends have received word that Mr. and Mrs. Marcus Bird are leaving soon to make their home in California. Mrs. Bird will be remembered as Ruth Umbrite.

Albert Riddell is spending a leave with his parents, Mr. and Mrs. N. A. Riddell, before going East. We are pleased to learn Albert received his commission and now is Pilot Officer.

Jean Fairburn is spending the week-end with Georgina MacPhee.

Barbara and Jean Day spent Easter with Grace and Cassie Herman.

Many people from this district attended the annual bull sale in Calgary the past week. Among those attending were Mr. and Mrs. W. Nunn, Mr. and Mrs. F. Daw, Mr. and Mrs. F. Sammons, Mr. and Mrs. R. Greene, Mr. and Mrs. P. Warner, Mr. and Mrs. H. Stott and J. A. McArthur. Several purchased animals at the sale, and plan to improve their herds.

David MacBean and Ibbie McArthur motored to Drumheller Sunday.

THERE ARE MORE GOOD REASONS FOR BUYING WAR BONDS THAN FOR BUYING ANY SINGLE THING EVER OFFERED TO THE CANADIAN PEOPLE

EVERYONE of us wants to win this war—to see peace restored—to have jobs to get back to when the war is won.

MILLIONS of us, already in the Armed Services have dedicated time, effort, life if need be, to the Nation.

The rest of us have not been called to arms. Our big chance to get into the fight is to buy the Sixth War Loan to the absolute limit.

This is the People's Loan, and we the People, will not fail—

We will not fail to buy Bonds—and keep them.

We will not fail to buy Bonds—and so help to keep Canada the kind of land they want to see when they come home.

REMEMBER—We are lending, not spending.

The money we lend is still ours to use in the years ahead when we need it most.

With a Dominion election expected within a year, the results of the provincial voting will be keenly watched from Ottawa.

There are Liberal governments in all three provinces. The strange aspect of the forthcoming provincial contests is that the Liberals will like-

In Quebec, it will be the Duplessis Union Nationale, which will likely provide the biggest opposition. In New Brunswick, opinion here is that the Progressive Conservatives will be the chief opponents of the Liberal administration. Prime Minister To Visit London—
Prime Minister King is believed

preparing for the conference of Commonwealth prime ministers. To be held before long at London. Recent rumors that the Canadian Prime Minister might not attend have been dispelled and his presence at the important Empire gathering is assured.

On his last visit to London, Mr. King flew both ways and it presumed he will do so again. War and post-war problems will occupy the heads of the Commonwealth nations. Undoubtedly the "united front" policy recently expounded in Toronto by Lord Halifax, British Ambassador to the United States, will be thoroughly canvassed.

Indications are that Canada and Australia, while prepared for strengthening of Commonwealth co-operation in many directions, will oppose any plan for complete Empire solidarity on all matters of future foreign policy. This would mean that such a policy could not be adopted.

Canada's position is that the dominions must be left free to decide matters of external affairs immediately and primarily affecting them, although on larger general issues the whole Commonwealth fabric may agree and act together, provided the common viewpoint is reached by the free decision of each of the member

"COMBINED OPERATIONS INCLUDE YOU"

● Invasion demands more action from every fighting service . . . combined operations. Combined operations include you, too.

Despite the shortage of help and equipment, Canadian farmers have responded nobly to demands for increased production of foods.

But there is one thing on which a better job can still be done.

MORE MONEY is needed to fight a more intensive war.

All Canadians will be asked to furnish this money. It's a duty that we who are at home owe to the men on the fighting fronts.

In these days most farmers have higher incomes . . . money to save. And that is the job that they are asked to do . . . save money and lend it to Canada.

You are not asked to give money . . . just to lend it. When the war is over you'll have this money to "plough back" into your farm. So save now to lend to your country. Save to have money to improve your farm; money for new stock and implements; money for more land or new buildings . . . for a new car . . . for new furnishings and conveniences for your home.

All you can lend is little enough for a cause so vital for a need so urgent. And the more that you can save and lend to your country now, the more you will have for your own use when the war ends.

NAMAKA SENIORS' SOCIAL

Since Thursday, April 6th, was the last day of the Easter Exam the Namaka Seniors had their social that evening in the school. There were 20 present.

The evening was a big success due to the capable social committee of Henry Dirksen, Rose Moss and Edward Fawkes, who entertained us with many games and stunts. A new game to most of us was musical parcel. Finally the music stopped, the big moment came and Elizabeth Jansen found herself the possessor of a 25c war savings stamp.

The lunch, consisting of sandwiches, doughnuts and cocoa, prepared by Jean Fawkes, Lydia Little and Mary Fawkes was enjoyed by all.

STANDARD

—By Mrs. F. D. K.—

A delightful shower was held at the home of Mr. A. Nielsen last Saturday afternoon when Mrs. Duncan Setter, the first English war bride to arrive in Standard, was the guest of honor. Mrs. Ernest Pedersen, Mrs. T. Sparks, Mrs. Tom McCowan and Mrs. H. Pedersen assisted the hostess during the afternoon and many beautiful and useful gifts were presented to Mrs. Setter, all of which will find a place in her new Canadian home.

Pte. Hazel Strain C. W. A. C. Sgt. McCullough and Pte. Walter Knie were the holiday guests of Cpl. Doris Fletcher C. W. A. C. at her home here. They all returned to their station at Suifield on Monday evening from Gleichen.

It was indeed a pleasure to have so many Standard Young folks return home for the long Easter weekend. More and more we miss the young people of the district. Many are on "active service", others are away at school and others are holding positions of responsibility and trust, far and near. Among those who were here for Easter were Gerda Pedersen and Gwen Southall, Gerda Rasmussen, Roy Sorensen, Joe Post, Rose Pedersen, Sarah Raven, Marian Pedersen, Howard Rasmussen, Erling Laursen, Elma and Mary Smith, Helen Nelson, Betty Elias and Mr. and Mrs. Eiler Castella and family.

Miss Betty Elias spent the Easter holiday at the home of her parents Mr. and Mrs. Chris Elias. Mrs. E. Base, of Calgary, was Betty's weekend guest here.

Mr. and Mrs. Chas. Dahl, Carolyn and Dennis are occupying Mrs. Anders Andersen's cottage until Marilyn has fully recovered and is out of quarantine for scarlet fever.

Miss Claire Melvor and Miss Olive Dyke were in Calgary for the school holiday.

Mr. Munroe MacLeod, school inspector from Strathmore visited Dana School on Thursday.

FAREWELL GATHERING FOR REV. AND MRS. A. HUSTED. CHRISTENSEN

The church basement of the Danish Lutheran church was crowded to capacity last Monday evening with well wishers and friends of Rev. and Mrs. Christensen, who had gathered from far and near to bid them adieu.

The room had been pleasingly decorated by members of the Young People's Society. White, mauve and green streamers, candles, pussy willows and beautiful flowering plants made an attractive setting for the party.

Mr. Gunnar Nortoft was the chairman for the evening's entertainment. Several hymns were sung. Rev. Rasmussen from Wayne read a passage of scripture. There were many speakers during the evening among whom were Mr. John Larsen, who spoke of the profitable evening's many present had spent with Rev. Christensen in Bible Study. Rev. Schultz brought greetings from the Danish congregation at Tilley. Mrs. Sigurd Rasmussen extended good wishes to the Christensen family from the Ladies Aid, and Mr. Arthur Myrthu spoke on behalf of the Sunday School. Mr. C. P. Dahl was also called on for a few words.

Mr. Willie Myrthu, on behalf of the friends in Standard Community and surrounding district, presented Rev. and Mrs. Christensen with a gift of money.

A beautiful blanket was the gift of the Young People's Society and was presented by its president, Mr. Burge Larsen, who mentioned the many interesting discussions led by Rev. Christensen at their meetings.

NEW McCORMICK-DEERING

International Harvester engineers have been busy improving the McCormick-Deering Milker to make your milking even easier and more productive. Look at these features you get now:

Alternating action pulsator (milking two teats at a time), as well as single action, now available.

New sanitary claw, with "straight-through" design.

New bendless teat cup shells and new inflations.

New milker head with rounded under surface.

New wide-mouth pail.

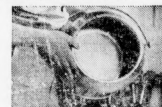

Stainless steel at all points where milk touches metal.

Get the most from your cows with the new McCormick-Deering milker. Here is machine milking at its best.

Ask Us For a Demonstration!

The new McCormick-Deering milker head has a "straight-through" design that means better circulation of air in the teat cup, easier milking, no clogging, easier pouring. No hiding places for dirt and bacteria in this pail.

How's this for an easy-to-clean, no-sweat stainless steel milker pail? The wider top means better circulation of air in the teat cup, easier milking, no clogging, easier pouring. No hiding places for dirt and bacteria in this pail.

Alberta.

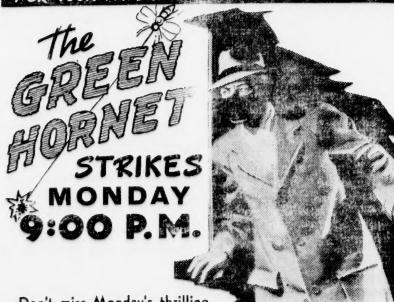

Interspersed among the many talks were several lovely vocal solos and duets, piano solos and the choir sang an Anthem, "Beautiful Saviour", all of which added greatly to the pleasure and enjoyment of the assembly.

Visitors were present from Chancellor, Hussar, Cluny, Tilley and Wayne.

A social hour over the coffee cups brought to a close an evening which long be remembered by those present.

WARTIME INFORMATION BOARD
RURAL HOUSING

OTTAWA — A building program to provide Canadian farmers and farm laborers with an average of 9,400 new houses annually for twenty years at an estimated total cost of \$282,000,000 is recommended by the Report on Housing and Community Planning prepared by the Committee on Reconstruction.

The Committee recommends replacing 100,000 farm houses which are in such bad condition that it is better economy to replace them than to repair them. In addition it calls for the erection of 25,000 new farm dwellings to house farm families who are now sharing homes with other families.

Another 63,000 farm homes are needed to replace those which become obsolete and run down as time goes

on.

It is recommended that this total of 188,000 new farm houses be regarded as a minimum target, and that the building of them be spread over a twenty-year period.

The Report suggests setting up a special rural division of the National Housing Administration of Agriculture to co-ordinate farm housing with other policies affecting land utilization, production credit, marketing arrangement, trade and price policies, and farm labor policy.

A proposed Farm Improvement Plan could be set up to provide for government subsidies on interest or on capital, and to grant long-term loans at low interest rate. It is also recommended that the Government pay mortgage insurance instead of the farmer.

Other recommendations include the erection of farm laborers' cottages and community centres, and the donation by the Federal government of electrical plumbing heating and refrigeration equipment to farm housing projects in return for the labor of installation.

IT BRINGS RESULTS

We Can Do Better

IN the past, wars have brought
with them a high cost of
living, ending with inflation.

This sapped the strength of
nations and added poverty and
injustice to the other tragedies
of war.

Later it has led to falling prices
and unemployment.

In this war, we Canadians are
determined to head off this
danger.

We have done much to avoid
a repetition of the disastrous
price rises of previous wars.
We have paid higher taxes.
We have bought Victory Bonds.
We have severely limited profits.

We have put a ceiling on
prices. And to make it possible
to hold the ceiling, wages and
salaries have been controlled.

In one way or another most
increased costs have been ab-
sorbed and very few passed on
to the consumer.

Holding the ceiling has been
a struggle. But the results have
been worth while. From 1914
to 1919 prices rose 60%. From
1939 to 1944 the rise has been
only 18%.

This effort of the Canadian
people has been successful
enough to be noted in other
countries.

But we must continue to hold
the line. We need not let history
repeat itself. We can do better.

We can all help—

By cutting down unnecessary
spending, and buying Victory
Bonds instead.

By not hoarding or buying in
black markets.

By not taking advantage of
the war situation to press claims
for higher prices, higher wages,
higher rents or higher profits.

(This advertisement is one of
a series being issued by the
Government of Canada to
emphasize the importance of
preventing a further increase
in the cost of living now and
deflation later.)

CHEADLE

— By Mrs. E. J. —

The Executive of the Community Club met at the home of Dave Heckle on March 27th. It was decided to try to trade in the hall piano, if a reasonable purchase could be made.

We regret that Mrs. Torgimsson was taken ill and has had to go to the hospital for some time.

Mr. and Mrs. Rube Walker have returned to their farm after spending several months in the States.

The W. W. Club served lunch at Mr. Cowell's sale and were much pleased at their earnings. The next meeting will be at Mrs. Witt's on April 26th.

Mrs. F. Cramer has returned from a most enjoyable holiday at Vancouver. She saw Mrs. Kirtson and reports her to be in good spirits and health.

On March 29 a large crowd surprised Mr. and Mrs. Cowell at their home. After an enjoyable evening at cards and visiting a bounteous lunch was served. Mr. Emory Jackson, on behalf of the community, presented Mr. and Mrs. Cowell with a mantle clock to express in some small measure their appreciation of the years of active participation they had in the welfare of the district. We regret to see them leaving us, but wish them every success in the new ventures.

On April 6th, the Cheadle Pancake Supper and Program was a tremendous success. A huge crowd was really enthusiastic over the display of local talent. Outstanding numbers were the Male Fashion Parade and Barnacle Bill. However, there was little to choose from throughout the program. Each performer was excellent. Our special thanks to the following artists who came in to help us put to over. Yvonne Cozumbo with a group of skillful dances Dorothy Albertson in a brilliant piano solo, Gerald Van der Velde with a clever impersonation of milady's early morning activities, Betty Gowdy with a very beautiful vocal solo, and to each and everyone who helped in any way.

NIGHTINGALE

— By Mrs. F. H. —

Mr. E. M. Stoodley was first to seed in this district. He began about ten days ago.

Miss Elsie Larson, who has a position in Calgary spent her Easter holiday with her parents.

Mr. Abe Walker is making a satisfactory recovery in a Calgary hospital from a recent appendicitis operation.

Clarence Putnam spent two weeks at home and now has been posted to Vulcan. Clarence is training as a pilot with the R. C. A. F.

Mr. and Mrs. Stoodley entertained the Risdon family, Albert Gilling and Mrs. Plath on Easter Sunday.

Mrs. Duggan Sr. is spending her Easter holidays with her daughters in Calgary.

Frank and Karen Downey of Calgary spent their Easter holiday with their grandparents at the Harman home. Captain and Mrs. Downey and Mr. and Mrs. N. P. Braag and children of Standard visited with the home folks.

The Home and School Association are having a meeting at the hall next Monday, April 17th. Every parent at all interested in Education of their children should be present. Remember the date, April 17 at the hall, and be there. Visitors from Strathmore Home and School will be present.

ADDRESSES ON THE MOVE...

IN SPITE OF ALL WAR HAZARDS

31,500,000 LETTERS

REACHED YOUR MEN OVERSEAS LAST YEAR

Do you remember the "Change of Address" form which you filled out when you moved your civilian home? After that was filed at your local Post Office, every letter sent to your old address had to be redirected to the new one, and that went on until your correspondents were familiar with your new location.

Probably you didn't move very often, but each time you did, the Post Office gave redirectory service. And if you will think about that for a moment, you will begin to see what a stupendous task confronts the Canadian Postal Corps in handling the military mails, when thousands of men are being moved almost daily!

Yet, in spite of the need of tracing men from reinforcement units to their locations on fighting fronts . . . in spite of the need of tracing them through hospitalization . . . or while on leave . . . when their unit is moved . . . in spite of delays in air mail service caused by adverse flying conditions . . . of delays in surface transportation caused by enemy action . . .

in spite of every war hazard you can think of . . . your Post Office and the Canadian Postal Corps delivered 31,500,000 letters to men overseas in 1943!

It is inevitable that, in tracing men who have been moved, or wounded, some delays occur. It is inevitable that enemy action holds up delivery in some cases. But *everything that human ingenuity and effort can do to give you a service that means speedier delivery of the letters your men are waiting for, is being well and thoroughly done, and will be done.* New methods of speeding mail deliveries are being put into effect, new possibilities are being studied. Think of your own friends who have been posted to new locations overseas, and realize the task of tracing them when their mail arrives at their former address!

You can help your Post Office and the Canadian Postal Corps to give even better service if you will take a moment to make sure that your mail is correctly prepared. Do these simple things . . .

1. Always be sure each letter or parcel (properly packed) is fully and correctly addressed.
2. Use light-weight paper for regular Air Mail, or use the Armed Forces Air Letter Forms. Airgraph letters take a little longer because they must be processed in Canada and overseas.
3. To men in hospital, mark your letter "In Hospital", if you are advised to this effect.
4. Never put into parcels perishable food, or any substance that can be damaged by extremes of temperature.

CURLING NOTES

The Annual General Meeting of the Strathmore Curling Club was held in the town hall on Thursday evening, April 6th.

The financial statement for the 1943-44 season was read and accepted showing a balance on hand of \$98.77 to be carried on for the next year.

Mr. Tom Glendinning was re-elected president, Mr. E. F. Thurston vice president and Mr. H. C. Wilson Sec-

retary-Treasurer with the same Executive to carry on for another year.

Membership dues were set at the same figure for the next season.

The Executive was instructed to have the ice prepared just as soon as weather permits next fall and now that the club is organized well in advance no time should be lost.

The Executive was authorized to investigate the possibility of painting at least part of the building and especially the roof if the funds on hand warrant the expenditure.

Bridget— Pat, my dear, I'm going to die, and I want you to promise me one thing.

Pat— What is it?

Bridget— I want you to have my mother in your carriage at the funeral.

Pat— Well, Bridget, I promise, since it is your last request, but I tell you, it will spoil the day for me.

"What's the latest gossip?"

"I don't know."

"I guess there isn't any, then."

Mary— What's the difference between dancing and marching?

Bill— I don't know.

Mary— I thought so. Let's sit down.

T'was from the family looking glass Willie licked the mercury off. Thinking in his childish error, It would cure his whooping cough.

At the funeral, Willie's mother smartly said to Mrs. Brown,

"T'was a chilly day for Willie When the mercury went down."

Income Tax Returns

FOR 1943 MUST BE IN NOT LATER THAN 30TH OF APRIL 1944

1. WHO MUST FILE RETURNS?

If you are single, and your income was over \$660.00—
Or, if married, and your income was over \$1,200.00—
Or if you had tax deducted in 1943—you must file returns.

2. WHAT FORMS TO USE

For income under \$3,000.00 use Form T.1 Special.
For income over \$3,000.00 use Form T.1 General.

3. WHERE YOU CAN GET FORMS

You can get income tax forms from—

1. Post Offices.
2. District Income Tax Offices.

Your early co-operation is requested. Over 2,000,000 Canadians will be filing income tax returns. You can help by getting your forms **now**, and mailing them **promptly**.

It is important that income tax returns be filed promptly. **First**, these returns must be filed to obtain credit for tax deductions. **Second**, to claim any refund to which you may be entitled. **Third**, to establish the Savings Portion of your tax, which will be paid back to you with interest after the War.

Make your returns now, but not later than 30th of April to avoid a penalty of 5% of your tax.
The unpaid balance of your 1943 tax may be paid any time before 31st of August WITHOUT PENALTY.

GET YOUR "T.4 SLIP" FROM YOUR EMPLOYER

To get a record of your 1943 earnings and tax deductions, ask your employer for a copy of the "T.4 Slip" he filed with the Government. Do this. It will save you time, and help prevent errors.
